

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

MANUSCRIPT PREPARATION

Instructions and suggestions to Cor-
 responding Secretaries and oth-
 ers sending in matter for publica-
 tion:

1. We are planning to get the Maga-
 zine into the mail on or about the 15th
 of the month hereafter, and must go to
 press by the 20 of the preceding month.
 Therefore, send in your copy before the
 20 of January, March and May.

2. Write on one side of paper only.

3. Use typewriter, and make carbon
 copy of manuscript, sending me the
 TWO copies.

4. Double-space your copy and leave
 margins of at least an inch.

5. Use good paper. The printer kicks
 when we hand him copy on onion skin.

6. Go carefully over your copy,—when
 you are not tired,—and check for Spell-
 ing, Punctuation, Omission and Repeti-
 tion of Words.

7. Sign your name to what you write
 or write letter accompanying manuscript.

8. In reading the Magazine, observe
 which Chapters' news items appealed to
 you. Ask yourself why. Then compare
 your own with it and see if you have put
 the "punch" into what you wrote.

9. A suggestion. If you have a mem-
 ber or members of your Chapter who are
 authors of books or magazine articles
 that have attracted attention, send us the
 cut of the author and the names of his
 productions.

10. Why not send in cuts of your offi-
 cers, especially if you have a National
